

Product name

Set of bearing extracting tools

For extracting inner bearings, bearing outer rings and bushings.

Art. No. 25-A

Series 25

EAN 4021176013058

Technical attribute

Metric

Imperial

Inner diameter of ball bearing

12 - 46 mm

3/16 - 1 7/8 inch

Weight

6.5 kg

Technologies

EASY SCREW

The built-in thrust bearing facilitates rotation through reduced frictional resistance.

LIGHT SHIFT

Free-moving, self-retaining jaws with internal spring washer.
