

Product name

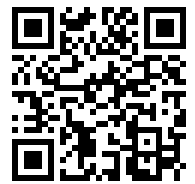

Set of bearing extracting tools

For extracting inner bearings, bearing outer rings and bushings.

Art. No. 25-B

Series 25

EAN 4021176013133

Technical attribute

Metric

Imperial

Inner diameter of ball bearing

12 - 70 mm

3/16 - 2 3/4 inch

Weight

9.94 kg

Technologies

EASY SCREW

The built-in thrust bearing facilitates rotation through reduced frictional resistance.

LIGHT SHIFT

Free-moving, self-retaining jaws with internal spring washer.
